

SPP1879

International Symposium

Nucleotide Second Messenger Signaling in Bacteria

22 – 25 May 2022, Harnack-Haus, Berlin, Germany

Invited Speakers

Gemma Atkinson

Lund University, SE

Gert Bange

Philipps University Marburg, DE

Mark Buttner

John Innes Centre, UK

Rebecca Corrigan

University of Sheffield, UK

Lars Dietrich

Columbia University, USA

Ming Hammond

University of Utah, USA

Regine Hengge

Humboldt-Universität zu Berlin, DE

Petya Krasteva

European Institute of Chemistry and Biology, FR

Michael Laub

MIT, USA

George O'Toole

Dartmouth College, USA

Holger Sondermann

Center for Structural Systems Biology, DE

Rotem Sorek

Weizmann Institute of Science, IL

Jörg Stülke

Georg-August-Universität Göttingen, DE

Rita Tamayo

University of North Carolina, USA

Natalia Tschowri

Leibniz University Hannover, DE

Jade Wang

University of Wisconsin, USA

Emily Weinert

Pennsylvania State University, USA

Fitnat Yildiz

UC Santa Cruz, USA

Organizers

Regine Hengge
Mihaela Pruteanu
Humboldt-Universität zu Berlin, DE

Scientific Committee

Regine Hengge
Susanne Häussler
Urs Jenal
Lotte Søgaard-Andersen
Jörg Stülke

**Abstract submission
and application deadline:
28 February 2022**

Additional speakers will be selected
from abstracts.
