

SPP 1879

International Symposium

Nucleotide Second Messenger Signaling in Bacteria

30 September – 3 October 2018, Harnack-Haus, Berlin, Germany

Invited Speakers

Anke Becker

Philipps-Universität Marburg, DE

Mike Cashel (Keynote)

NIH, USA

Dipankar Chatterji

Indian Institute of Science, India

Lars Dietrich

Columbia University, USA

Michael Galperin

NIH, USA

Angelika Gründling

Imperial College London, UK

Regine Hengge

Humboldt-Universität zu Berlin, DE

Philip Kranzusch

Harvard Medical School, USA

Jacob Malone

John Innes Centre, UK

Karin Sauer

Binghamton University, USA

Liz Sockett & Andrew Lovering

University of Nottingham, UK
University of Birmingham, UK

Lotte Sogaard-Andersen

MPI Marburg, DE

Holger Sondermann

Cornell University, USA

Jörg Stülke

Georg-August-Universität Göttingen, DE

Jade Wang

University of Wisconsin, USA

Chris Waters

Michigan State University, USA

Joshua Woodward

University of Washington, USA

Fitnat Yildiz

UC Santa Cruz, USA

Organizers

Regine Hengge
Mihaela Pruteanu
Humboldt-Universität zu Berlin, DE

Scientific Committee

Regine Hengge
Susanne Häussler
Urs Jenal
Lotte Sogaard-Andersen
Jörg Stülke

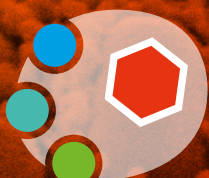

Abstract submission and application deadline: 31 May 2018

Additional speakers will be selected from abstracts.
